Dales Chesterfield

Modernized with squared off arms to conserve space while maintaining the essence of a Chesterfield with deep English tufts throughout the inside arm, seat and back. The style is cleanly upholstered without tufting on the outside back or arms for a more streamlined modern design.

84" length | 36" depth

18" seat height | 24" seat depth

30" arm height | 9" arm width

30" back height | 3" leg

Fabric Notes

Upholstered in a navy protected leather that has a clear top coat to protect against scrapes or stains.
